### **Race description:**

The Dog Criteriums were held in cool conditions. Great Racing developed across the Age group fields. Clancy Dickson led a 3 way sprint for the Under 11 boys with Darcy Waller showing some true determination in finishing strongly. The Under 9's and 11 girls rode P.B's for the season. It was great to see the juniors giving their all. Emma Bilston methodically raced off the and paced out her race off the front to take a good win in the U13 girls while the U13 boys circulated as a bunch. Nich White came off the front and lead to the line in a great sprint. Victoria put a gap into the 15 girls while Hugo managed to split up the U15 male field early in the race. Molly had someone to race against and in the end she held out Meg for the U17 women's. Ciaran and Charles had a good battle off the front of the bunch. The duel went to Ciaran in what was a great sprint by the pair. Liam White took third narrowly from Andrew Pearson with the bunch on Pearson's wheel
