Race description:

Saturday the 1st of November was the first race of four in the summer mountain bike series. The course was held out in Invermay around a short but fun loop that took the faster riders 10 to 12 minutes to get around.

In the finish it was Phillip Orr crossing the line first with Jason Hegert showing his versatility in second and Dale Boucher flying home in third.

Gail Oliver completed the three laps set out by the race organizers, and took out the women's class comfortably.

Stay tuned for race two of the summer mountain bike series to be held in the Canadian forest in December.
